Resource Technician

Simpco Resources LLP is looking for a Resource Technician to support a wide range of project work. The ideal candidate will have strong field skills and be able to work independently or in a team setting. Primary responsibilities will involve field assessments, as well as providing office support for literature reviews, data analysis, and report writing. This is a full-time (40 hours per week) position. There is an expectation that the candidate will work out of the office in Barriere.

Duties and Responsibilities:

- Collection of field data for forestry, archeology, fisheries, vegetation, water quality, and wildlife assessments
- Environmental monitoring in accordance with specified protocols on a variety of small and large projects, including liaising with clients and contractors
- Preparation of technical reports and proposals
- Support SRLLP projects in field and office as required.

Qualifications:

- B.Sc. or Technical Diploma in aquatic or terrestrial biology, forestry, or related science
- 2 to 5 years of relevant professional experience is an asset, although not required.
- Environmental monitoring and erosion & sediment control certification or experience

Assets:

- Positive, team-oriented approach, and desire to work as a part of a multi-disciplinary team
- Self-motivated with strong initiative, time management, and interpersonal skills
- Ability to work on multiple tasks/projects and meet project deadlines
- Ability/willingness to travel to field sites and other office locations
- Experience navigating using GPS unit, map, compass, and air photo

Application Deadline: **May 17, 2019** Only those selected for interviews will be contacted. *Preference will be given to qualified applicants of Aboriginal ancestry as per Canada's Human Rights Act and legislative surrounding Employment Equity.*
