

PACIFICUS

BIOLOGICAL SERVICES LTD

Professional Biologists Providing Coastal Expertise

ABOUT PACIFICUS

Pacificus is a dynamic environmental consulting company that offers professional guidance based on scientific expertise. We have registered professional biologists, biologists, technologists, and commercial divers on our team that conduct assessments, provide recommendations, and assist clients through their development and field projects. We have expertise in freshwater and marine coastal ecosystems and provide an environment to grow your career.

WHO ARE WE LOOKING FOR?

We are looking for a dedicated, enthusiastic, and skilled **Fisheries Biologist** to join our growing team. We will provide the opportunity for a young professional to join our group – a workplace where you can grow your skills, be exposed to a diverse array of projects and clients, all while exploring the BC Coast and Vancouver Island.

Fisheries Biologist – Full time, Permanent position

\$24-\$32 per hour depending on experience

JOB RESPONSIBILITIES

Pacificus is currently hiring Fisheries Biologist positions in our Port Hardy office. The biologists will provide expertise in the field of fisheries biology with the ability to conduct aquatic and marine habitat assessments, plan Environmental Monitoring activities, and perform technical writing tasks. The ideal candidate will have at least two years of relevant experience and be well versed in provincial and federal environmental regulations.

QUALIFICATIONS

- University degree (BSc.) in Fisheries, Biology, Natural Resource Management, or related discipline;
- Minimum of two years of relevant work experience;
- Registered and in good standing as a biological professional (RPBio, RBTech, BIT) with the College of Applied Biology of B.C.;

PACIFICUS

BIOLOGICAL SERVICES LTD

- Excellent technical report preparation, writing and communication skills;
- Physically fit as well as a willingness to work outdoors, including field stays in remote camp settings;
- Experience in the consulting industry with extensive working knowledge of current provincial and federal regulatory requirements;
- Previous experience in stream classification, road crossing assessments, environmental monitoring, and habitat evaluations in and around fish habitat;
- Ability to work under pressure in a fast-paced environment.

PROFESSIONAL ASSETS

- Transport Canada's Small Vessel Operator Proficiency certification (SVOP);
- Backpack electro-fishing certification.
